

DEPARTMENT OF FINANCE BILL ANALYSIS

AMENDMENT DATE: March 18, 2010
POSITION: Neutral

BILL NUMBER: AB 2701
AUTHOR: M. Eng

BILL SUMMARY: State Historical Building Code: Playgrounds

This bill would place playgrounds considered to be of historical or cultural significance under the jurisdiction of the State Historical Building Safety Board (Board) within the Department of General Services (DGS).

FISCAL SUMMARY

The DGS indicates that any costs resulting from this bill would be minor and absorbable within existing resources.

COMMENTS

Existing law provides for the regulation of playground equipment and playground sites by the federal United States Consumer Product Safety Commission.

This bill would exempt a playground or a playground site considered to be a structure, place, location, or site of historical or cultural significance from existing laws regulating playground equipment and safety standards. These exempt playgrounds and playground sites would instead be subject to alternative standards and regulations adopted by the Board.
